

Receptions

LAZER EDGE

artopex®

# A reception that sets the tone

Create a reception workstation that will charm your visitors as soon as they walk through the door. The various Artopex furniture collections converge here to inspire you to create welcoming and coherent spaces with your unique brand identity. Set the tone for your waiting areas with Artopex furniture.

**Reception RZ1**

Ginger Root and White laminate.

**Furniture**

Dotcom chair.

# Well-defined zones

The many module configurations of the Take Off collection define the reception area as a multi-purpose space.

**Downtown bistro table**  
Moka laminate

**Crema stool**  
Black shell

**Auxi chair**

**Active seating stool**

**Cuadro lounge seating**

**Take Off Reception** Moka and White laminate.

# Comfort first

Gather your visitors in a place where relaxation and collaboration are encouraged. The combination of Cuadro and Fjord seating provides the necessary comfort for your reception area. Your reception will certainly be more inviting than ever!

**RZ3 Reception**  
Willow Grey laminate and Charcoal enamel.

**Furniture**  
"Fences" table, Fenix Matte Black H.P.L. and Black enamel, Active seating stool, Cuadro and Fjord seating.

# A smart choice

Succumb to the curves or lines that set the Artopex reception series apart. They harmonize well with other furniture collections to create warm and versatile spaces.

**RZ1 Reception**  
Carbon laminate and Silver enamel.  
**Furniture**  
Sentinel chair and Lancelot armchair.

Ginger Root and White laminate  
Polar White enamel

RZ1

The RZ1 series stands out with its transaction shelves supported by aluminum posts. Acrylic, laminate, and metal accents, with or without embossing, or accessory bars can be integrated into the reception workstation.

Sesame and White laminate  
Polar White enamel

RZ2

The RZ2 series, composed of straight or curved tables and transaction modules, is characterized by a decorative metal band located under the transaction shelf. Adding accessory bars or tackboards inside the modules adapts the workstation to the user's needs.

Willow Grey and Dalia laminate  
Black enamel

RZ3

The front of RZ3 reception workstations is divided into three sections of tiles. The laminate, metal, or acrylic tiles offer a personalized design for the workstation.

# A unique quality

The modularity of the Axel™ tile system creates a classic yet audacious waiting area. The tiles and counter tops are added to the plan to improve the privacy of the reception workstation and to create a unique space. The versatility of modules enables a wide variety of configurations that can adapt to any type of environment.

## **Axel Reception**

Dalia and White laminate, Fenix Matte Black H.P.L. and Polar White enamel.

## **Furniture**

Auxi chair, Fjord armchair and tables, Fenix Matte Black H.P.L. and Dalia laminate.

# Organize and power up

The tiles integrated into the Axel collection workstations allow you to design a reception area that accommodates the user's technology and equipment. Add accessory bars and fill them with what you need.

**Axel Reception** White and Ginger Root laminate, Polar White and Navy enamel and Mist felt.

**Auxi chair**

**Metal pedestal** Polar White enamel

## Complements

**Laminate and metal pigeonhole unit**

**Accessory bar**

**Surface multi-outlet**

# Coherent space

Enjoy the flexibility that the Take Off collection offers when creating a reception workstation. Combine work surfaces and transaction shelves to design a reception area that matches the first impression you want to give your clients.

**Take Off Reception**  
Sea Salt laminate.

**Furniture**  
Vortex chair, Polar White enamel files and  
Sky architectural walls.

# Privacy and acoustic comfort

In addition to impressing your visitors, the Axel pavilion defines the space and improves privacy in your reception area. Integrating felt in the tiles and slats provides superior acoustic benefits. Add plants and bistro tables to transform it into a relaxed coffee spot.

## **Axel Pavilion**

Ginger Root laminate and Fenix Matte Black H.P.L., Black enamel and Mist felt.

## **Furniture**

Take Off Conference table with "Cage" base with Fenix Matte Black H.P.L. and Frill stools, Azure shells.

# Express your DNA

Personalize your reception workstation by taking advantage of the many possibilities offered by the RZ3 series modules. Play around with the finishes, colors, and configurations of the front tiles and express the DNA of your company through its reception area.

## **RZ3 Reception**

White laminate, China Blue and Frost enamel and frosted acrylic.

## **Furniture**

White laminate Downtown bistro table, Cuadro armchair, Frill stools, White and Azure shells and Blitz chairs.

# An optimized workstation

The interior of the reception workstations promote productivity and are adapted to the user's tasks. The curved design of the table offers a roomy work surface while the integration of a free-standing pedestal maximizes storage space and frees up the surface.

RZ2 Reception White and Maritime Maple laminate, Polar White and Abyss enamel.
