Hook up on the fly.

Work no longer looks the way it used to. Your furniture solutions shouldn't either. The Hook Up collection of workspace tables was purposefully designed to accommodate people and teams on the move. With a continuous slot between the top and rail you can reconfigure on the fly by hooking together or breaking up work surfaces, and easily mount privacy panels and a range of sleek accessories.

Surface - Fenix Blu
Frame/Legs - Steel Blu

You choose where the plug goes.
How's that for a power move?

Hang tight with letter tray and coat hook accessories
that attach anywhere along the rail.

High tables come in **counter** and **bar** options
to take your collaboration to new heights.

Transaction Desk™
Surface - Almond
Frame/Legs - Oyster
Accessories: Letter Box

With two work surface heights and the choice between three standard size configurations, the Transaction Desk™ is all about agility. Perfect as a reception desk or informal touchpoint, it also allows an individual to instantly shift from sitting to standing (and back again) over the course of the day.

Unity meets privacy.

Group multiple stations together with a desk-to-desk or desk-to-screen connection. Block out visual distractions or provide enhanced personal protection with **privacy screens that hook into the desk rails as seamlessly as the accessories.** Multiple configurations available.

Personalized and mobilized.

Frugal looks fabulous with an economical one-piece, wraparound felt panel.

Training Room/ Classroom

Keep learning cohesive by hooking mobile tables together and then daisy chaining power to plug into a wall receptacle on one end.

Flexible Work Areas

No commitment issues here. Stay open to change with temporary workstations that are always practical, never permanent.

Lunch Room & Collaborative Work

Elevate open areas from common to captivating with lots of surfaces for studying, collaborating or reading.

Benching / Touch Down / Hotelling

Make permanent workstations feel like home with personalized accessories, finish colors and divider screens in your choice of felt or fabric. Anchor the space with a high table where teams can gather informally to sit, sip and share.

Adaptable Clusters & Transaction Desk™

Take care of business with individual productivity workstations and a Transaction Desk™ where everyone feels welcome.

Individual Touch Down Places

When nothing's permanent, anything's possible. Create a workstation perimeter with a place to meet in the middle.

Conference Room

Gang together square tables to create a mega table, with in-surface power daisy chained and plugged into the floor monument at one end.

Hybrid Environment

It's time to expand your options. Mix and match **counter-height tables** with **multi-person workstations** featuring wraparound PET felt screens that encourage cozying up to concentration.

Huddle/Media & Flexible Lounge Space

Private rooms and small spaces? No sweat. Hook Up meeting tables come in a variety of sizes and heights to fit even your most petite places. Add in **lounge or coffee tables** for small surfaces with big functionality.
